A fair-sized and thoroughly appreciative audience witnessed the initial performance of The Great Powers company at the Barre opera house last night. In most respects it differs from previous hypnotic entertainments, owing to the fact that a good portion of the performance is devoted to really meritorious vaudeville specialties. Two truly marvelous illusions lead variety, namely, the Kellar spirit cabinet and the Hindoo trunk mystery. Powers held the stage after the intermission and produced many startling, as well as ridiculous, tests with his class of volunteers from the audience. While in some respects his work is similar to other hypnotists, yet Powers' tests had a finish and an abundance of new material, which places him a little in advance as a hypnotic entertainer.
